^{**}Ongoing charge represents the direct costs of running a fund, which are deducted from the assets of the fund and provide a comparable number for the cost of investing. The annual management charge is included in the ongoing charge. Previously, the OCF included expenses incurred by underlying holdings of collective investment schemes in relation to the Fund (the synthetic 'OCF'). Following guidance issued by the Investment Association on 2 July 2020, the synthetic OCF calculation has been expanded to include closed-ended vehicles such as investment trusts.

Performance (%)

Past performance is not a reliable indicator of future results. Sources: Portfolio and benchmark data provided by Morningstar.

The performance shown above is for total return, net of all ongoing charges, bid-to-bid in sterling (£) as at 31.07.24.

[†] The yield reflects historic distributions declared over the past twelve months as a percentage of the mid-market unit price, as at the date shown and after the deduction of the funds expenses. All of the fund's expenses are charged to Income.
