## Important Information

All data provided by Brooks Macdonald, unless otherwise stated, as at 31 December 2024. Investment markets and conditions can change rapidly, and as such the views expressed should not be taken as statements of fact, nor should reliance be placed on these views when making investment decisions. The price of assets in any portfolio and the income from them can go down as well as up and neither is guaranteed. Past performance is not a reliable indicator of future results. Investors may not get back the amount invested. Changes in Exchange Rates may have an adverse effect on the value, price or income of an investment. Changes in interest rates may impact the value of fixed interest investments within the portfolio. The value of your investment may be impacted if underlying fixed interest holdings default, or market perception of their credit risk changes.
